Money

The Japanese still rely heavily on hard cash, a habit made practical by the low crime rate. Therefore please ensure you have access to Japanese yen and this can be best arranged at the airports in Japan where ATM machines & currency exchange windows are widely available.

In Hakuba international ATM machines can be found at either the 7Eleven convenience chain or at the Hakuba Post Office. Travelers Cheques and foreign currency transactions can be exchanged at the 82 or Nagano Bank branches found in Hakuba and passport identification is required.
